1. Stronger Communities Programme Round 5: processes

The Stronger Communities Programme is designed to achieve Australian Government objectives

This grant opportunity is part of the above grant program that contributes to Department of Infrastructure, Transport, Cities and Regional Development Outcome 3. The Department works with stakeholders to plan and design the grant program according to the *Commonwealth Grants Rules and Guidelines*.

The grant opportunity opens

Federal Members of Parliament (MPs) must establish a community consultation committee or consult an existing committee to assist in identifying applicants and projects. After consulting with the community, MPs will invite selected applicants to submit an application online. We publish the grant guidelines and other relevant applicant information on business.gov.au and [GrantConnect](#).

Invited applicants complete and submit a grant application

We assess all grant applications

We assess the applications for completeness and against all the eligibility criteria.

Grant decisions are made

The Program Delegate decides which applications are successful taking into consideration the proper use of public resources.

Notification of the outcome

Your MP will advise you of the outcome of your application and we will then provide written confirmation.

We enter into a grant agreement

We will enter into grant agreement with successful applicants and pay the grant.

Delivery of grant

You undertake the grant activity as set out in your grant agreement. We administer the grant by working with you, monitoring your progress and making payments.

Evaluation of the Stronger Communities Programme

We evaluate the specific grant activity and Stronger Communities Programme as a whole. We base this on information you provide to us and that we collect from various sources.

2. About the grant program

The program supports the Australian Government's commitment to deliver social benefits in communities across Australia by funding small capital projects in each of the 151 Federal electorates. Round 5 of the Stronger Communities Programme (the program) will run over one year in 2019-20.

The intended outcomes of the program are to improve local community participation and contribute to vibrant and viable communities.

Community consultation is a critical element of the program. In consultation with their community, each MP must identify potential applicants and projects in their electorate and invite them to apply for a grant. Invited applications will be assessed against the program's eligibility criteria through a closed non-competitive process.

Grant funding will be up to 50 per cent of eligible project costs. Eligible applicants will be required to provide matched cash or in-kind contribution towards their eligible project.

The Department of Industry, Innovation and Science (the department/we) is responsible for administering the grant program on behalf of the Department of Infrastructure, Transport, Cities and Regional Development.

We will publish the [opening and closing dates](#) and any other relevant information on business.gov.au¹ and [GrantConnect](#)².

We administer the program according to the [Commonwealth Grants Rules and Guidelines \(CGRGs\)](#)³.

This document sets out:

- the eligibility criteria
- how we consider and assess grant applications
- how we notify applicants and enter into grant agreements with grantees
- how we monitor and evaluate grantees' performance
- responsibilities and expectations in relation to the grant opportunity.

We have defined key terms used in these guidelines in Appendix A.

You should read this document carefully before you fill out an application.

2.1. Community consultation

Each MP must either consult with an existing consultation committee or establish a new consultation committee comprised of representatives from the local community, to identify potential applicants and projects in their electorate. The identified projects must be consistent with the intended program outcomes and criteria. MPs must advise the department of the basis for project selection and provide a detailed list of nominated applicants and projects.

The MP will invite identified potential applicants to apply for a grant for identified projects by sending them a link to an online application form. Only applicants invited to apply can submit an application. Invited applicants must not forward the link to the application form to anyone else.

² <https://www.grants.gov.au/>

³ <https://www.finance.gov.au/sites/default/files/commonwealth-grants-rules-and-guidelines.pdf>

Invited applicants must submit a completed application to the department. We assess all applications for eligibility and completeness.

An invitation to submit an application by your MP does not guarantee that your application will be successful.

3. Grant amount and grant period

The Australian Government has announced a total of \$22.65 million in 2019-20 for the Round 5 grant opportunity to provide up to \$150,000 in each of the 151 Federal electorates.

3.1. Grants available

Each electorate has total funding of up to \$150,000 that can be allocated to successful applications. A maximum of 20 projects will be funded in each electorate.

The grant amount will be up to 50 per cent of eligible project costs (grant percentage).

- The minimum grant amount is \$2,500
- The maximum grant amount is \$20,000.

Total funding for the project from the Commonwealth cannot exceed 50 per cent of the total eligible project expenditure. You can fund your share of eligible project costs from any other source including from state and local government. Your matching funds contribution can be either cash or in-kind. Where you provide in-kind contributions including equipment, materials or labour, you must calculate the dollar value for the in-kind activities that directly relate to the project.

3.2. Project period

You must complete your project within six months of your project start date and no later than 30 June 2020.

You may start your project from the date you submit your application. We are not responsible for any expenditure you incur until a grant agreement is executed. If you choose to start your project before you have an executed agreement, you do so at your own risk.

Please note, when calculating the duration of the project, you should factor in additional time for obtaining approvals, contracting tradespeople, possible weather delays and any other unforeseen circumstances that may prevent you completing your project on time.

6. How to apply

Before applying, you should read and understand these guidelines, the sample [application form](#) and the sample [grant agreement](#) published on [business.gov.au](#) and [GrantConnect](#).

You can only submit an application during a funding round.

To apply, you must:

- be invited by your MP to submit an application
- complete the online application form
- provide all the information requested
- address all eligibility criteria
- include all necessary attachments

We may ask you to substantiate your project costs. You should have evidence for the costs that you include in your project budget to provide upon request. If there is an in-kind contribution of labour, equipment or materials you will also need to be able to provide a breakdown of this contribution to the project costs.

You will receive confirmation when you submit your application. You should retain a copy of your application for your own records.

You are responsible for making sure your application is complete and accurate. Giving false or misleading information is a serious offence under the *Criminal Code 1995* (Cth). If we consider that you have provided false or misleading information we may not progress your application. If you find an error in your application after submitting it, you should call us immediately on 13 28 46.

If we find an error or information that is missing, we may ask for clarification or additional information from you that will not change the nature of your application. However, we can refuse to accept any additional information from you that would change your submission after the application closing time.

If you need further guidance around the application process, or if you are unable to submit an application online, [contact us](#) at [business.gov.au](#) or by calling 13 28 46.

6.1. Attachments to the application

We may require the following documents with your application:

- evidence of your not for profit status (if applicable)
- trust deed (if applicable).
- letters of support from project partners for joint applications (if applicable)

You must attach supporting documentation to the application form in line with the instructions provided within the form. You should only attach requested documents. We will not consider information in attachments that we do not request.

6.2. Joint applications

We recognise that some organisations may want to join together as a group to deliver a project. In these circumstances, you must appoint a lead organisation. Only the lead organisation can submit the application form and enter into the grant agreement with the Commonwealth. The application should identify all other members of the proposed group and include: a letter of support from each of the project partners. Each letter of support should include:

- details of the project partner
- an overview of how the project partner will work with the lead organisation and any other project partners in the group to successfully complete the project
- an outline of the relevant experience and/or expertise the project partner will bring to the group
- the roles/responsibilities the project partner will undertake, and the resources it will contribute (if any)
- details of a nominated management level contact officer.

You must have a formal arrangement in place with all parties prior to execution of the grant agreement.

6.3. Timing of grant opportunity

You can only submit an application between the published opening and closing dates. We cannot accept late applications.

Table 1: Expected timing for this grant opportunity.

Closing date of applications	10 October 2019 (5:00pm AEDT)
Assessment of applications	4-6 weeks
Approval of outcomes of selection process	4-6 weeks
Negotiations and award of grant agreements	1-3 weeks
Notification to unsuccessful applicants	2 weeks
Earliest start date of project	The date you submit your application
End date of grant commitment	30 June 2020

7. The grant selection process

Your MP, with the help of their community consultation committee, will identify potential projects, with a total value of up to \$150,000 in their electorate that are consistent with the program outcomes and eligibility criteria.

The MP will invite identified potential applicants to apply and send them a link to the online application form. It is important to note that being invited to submit an application by your MP does not guarantee that your application will be successful.

We will assess your application for completeness and against all the eligibility criteria. To be recommended for funding, your project must meet all eligibility criteria, provide value for money and be considered a proper use of public resources.

If the selection process identifies unintentional errors in your application, we may contact you to correct or clarify the errors, but you cannot make any material alteration or addition to your application.

7.1. Replacement project

If an application is not eligible, we may seek a further nomination from the relevant MP for an alternative project in their electorate to replace the ineligible project.

The nominated replacement project must meet all the eligibility criteria to be recommended for funding.

7.2. Who will approve grants?

The Program Delegate (who is an AusIndustry Senior Responsible Officer with responsibility for the program) decides which grants to approve taking into account the application assessment, availability of grant funds and whether funding a project will be a proper use of public resources. When assessing whether the application represents value with relevant money, the Program Delegate will have regard to the overall objectives of the grant opportunity, the evidence provided to demonstrate how your project contributes to meeting those objectives and the relative value of the grant sought.

The Program Delegate's decision is final in all matters, including:

- the approval of applications for funding
- the amount of grant funding awarded
- the terms and conditions of funding.

We cannot review decisions about your application.

The Program Delegate will not approve funding if there is insufficient program funds available across relevant financial years for the program.

8. Notification of application outcomes

If you are successful, you will receive notification from your MP and a letter of approval from the department, including any specific conditions attached to the grant.

If you are unsuccessful, we will notify you in writing.

9. Successful grant applications

9.1. Grant agreement

You must enter into a legally binding grant agreement with the Commonwealth. We use two types of grant agreements in this program. Our selection will depend on the size and complexity of your project. Each grant agreement has general terms and conditions that cannot be changed. Sample [grant agreements](#) are available on business.gov.au and GrantConnect.

We must execute a grant agreement with you before we can make any payments. We are not responsible for any expenditure you incur until a grant agreement is executed.

The approval of your grant may have specific conditions determined by the assessment process or other considerations made by the Program Delegate. We will identify these in the offer of funding.

If you enter an agreement under the Stronger Communities Programme, you cannot receive other grants for the same activities from other Commonwealth granting programs.

The Commonwealth may recover grant funds if there is a breach of the grant agreement.

9.2. Approval letter grant agreement

We may use an approval letter grant agreement when we have no need to clarify or amend any details in your application form. This grant agreement comprises your completed application form and the approval letter we send advising that your application has been successful. We consider the agreement to be executed (take effect) from the date of our approval letter.

9.3. Exchange of letters grant agreement

We may use an exchange of letters grant agreement when we need to clarify or amend details in your application form. We will send you a letter of offer advising that your application has been successful. You accept the offer by signing and returning it to us. We consider the agreement to be executed (take effect) from the date you sign the letter. You will have 21 days from the date of our letter to sign and return to us, otherwise the offer may lapse.

9.4. How we pay the grant

The grant agreement will state the:

- maximum grant amount we will pay
- proportion of eligible expenditure covered by the grant (grant percentage)
- in-kind contribution that directly relates to the activities of the project
- financial contribution provided by you or a third party.

We will not exceed the maximum grant amount under any circumstances. If you incur extra costs, you must meet them yourself.

We will pay 100 per cent of the grant on execution of the grant agreement. You will be required to report how you spent the grant funds and your matching funds contribution at the completion of the project.

9.5. Tax obligations

If you are registered for the Goods and Services Tax (GST), where applicable we will add GST to your grant payment and provide you with a recipient created tax invoice. You are required to notify us if your GST registration status changes during the project period. GST does not apply to grant payments to government related entities⁴.

Grants are assessable income for taxation purposes, unless exempted by a taxation law. We recommend you seek independent professional advice on your taxation obligations or seek assistance from the [Australian Taxation Office](#). We do not provide advice on tax.

10. Announcement of grants

We will publish non-sensitive details of successful projects on GrantConnect. We are required to do this by the *Commonwealth Grants Rules and Guidelines* unless otherwise prohibited by law. We may also publish this information on business.gov.au. This information may include:

- name of your organisation
- title of the project
- description of the project and its aims
- amount of grant funding awarded
- Australian Business Number
- business location
- your organisation's industry sector.

11. How we monitor your project

11.1. Keeping us informed

You should let us know if anything is likely to affect your project or organisation.

We need to know of any key changes to your organisation or its business activities, particularly if they affect your ability to complete your project, carry on business and pay debts due.

You must also inform us of any changes to your:

- name
- addresses
- nominated contact details
- bank account details.

If you become aware of a breach of terms and conditions under the grant agreement you must contact us immediately.

⁴ See Australian Taxation Office ruling GSTR 2012/2 available at ato.gov.au

You must notify us of events relating to your project and provide an opportunity for the Minister or their representative to attend.

11.2. Reporting

We will remind you of your reporting obligations before a report is due. On completion of your project, you must submit an end of project report in line with the grant agreement. We will provide sample templates for these reports as appendices in the grant agreement.

11.2.1. End of project report

When you complete the project, you must submit an end of project report.

End of project reports must:

- include the agreed evidence as specified in the grant agreement
- identify the total eligible expenditure incurred for the project
- include a declaration that the grant money was spent in accordance with the grant agreement and to report on any underspends of the grant money
- be submitted by the report due date
- be in the format provided in the grant agreement.

11.2.2. Ad-hoc report

We may ask you for ad-hoc reports on your project. This may be to provide an update on progress, or any significant delays or difficulties in completing the project.

11.3. Compliance visits

We may visit you during the project period, or at the completion of your project to review your compliance with the grant agreement. We may also inspect the records you are required to keep under the grant agreement. We will provide you with reasonable notice of any compliance visit.

11.4. Grant agreement variations

We recognise that unexpected events may affect project progress. In these circumstances, you can request a variation to your grant agreement, including:

- extending the timeframe for completing the project
- changing project activities

Note the program does not allow for an increase of grant funds.

If you want to propose changes to the grant agreement, you must put them in writing before the project end date.

You should not assume that a variation request will be successful. We will consider your request based on factors such as:

- how it affects the project outcome
- consistency with the program policy objective, grant opportunity guidelines and any relevant policies of the department
- changes to the timing of grant payments
- availability of program funds.

11.5. Evaluation

We may evaluate the grant program to measure how well the outcomes and objectives have been achieved. We may use information from your application and project reports for this purpose. We may also interview you, or ask you for more information to help us understand how the grant impacted you and to evaluate how effective the program was in achieving its outcomes.

We may contact you up to two years after you finish your project for more information to assist with this evaluation.

11.6. Grant acknowledgement

If you make a public statement about a project funded under the program, including in a brochure or publication, you must acknowledge the grant by using the following:

‘This project received grant funding from the Australian Government.’

If you erect signage in relation to the project, the signage must contain an acknowledgement of the grant.

12. Probity

We will make sure that the grant opportunity process is fair, according to the published guidelines, incorporates appropriate safeguards against fraud, unlawful activities and other inappropriate conduct and is consistent with the CGRGs.

12.1. Conflicts of interest

Any conflicts of interest could affect the performance of the grant opportunity or program. There may be a conflict of interest, or perceived conflict of interest, if our staff, any member of a committee or advisor and/or you or any of your personnel:

- has a professional, commercial or personal relationship with a party who is able to influence the application selection process, such as an Australian Government officer
- has a relationship with or interest in, an organisation, which is likely to interfere with or restrict the applicants from carrying out the proposed activities fairly and independently or
- has a relationship with, or interest in, an organisation from which they will receive personal gain because the organisation receives a grant under the grant program/ grant opportunity.

As part of your application, we will ask you to declare any perceived or existing conflicts of interests or confirm that, to the best of your knowledge, there is no conflict of interest.

If you later identify an actual, apparent, or perceived conflict of interest, you must inform us in writing immediately.

Conflicts of interest for Australian Government staff are handled as set out in the Australian [Public Service Code of Conduct \(Section 13\(7\)\)](#)⁵ of the [Public Service Act 1999 \(Cth\)](#)⁶. Committee members and other officials including the decision maker must also declare any conflicts of interest. If we consider a conflict of interest is a cause for concern, that official will not take part in the assessment of relevant applications under the program.

12.2.4. Freedom of information

All documents in the possession of the Australian Government, including those about the program, are subject to the *Freedom of Information Act 1982* (Cth) (FOI Act).

The purpose of the FOI Act is to give members of the public rights of access to information held by the Australian Government and its entities. Under the FOI Act, members of the public can seek access to documents held by the Australian Government. This right of access is limited only by the exceptions and exemptions necessary to protect essential public interests and private and business affairs of persons in respect of whom the information relates.

If someone requests a document under the FOI Act, we will release it (though we may need to consult with you and/or other parties first) unless it meets one of the exemptions set out in the FOI Act.
