PROJECT DETAILS

Name of organisation

Organisation's ABN

Is the organisation registered for GST? (If so, you can apply for a grant amount including GST.)

Organisation street address
(and postal address, if different)

Why is this organisation eligible for a Stronger Communities grant? (Consult the Guidelines if unsure.)

Where will the project be undertaken? (This must be within the electorate of Cowan.)

Project title (25 word limit)

Project description (what is the project and how will it benefit the community? 125 word limit)

Summary of activities and project outcomes (what exactly do you plan to do, and what are the social benefits of doing so? 225 word limit)

Project start date

Project end date (should be 30 June 2020 at the latest)

Total anticipated cost of the project

Amount sought under the Stronger Communities Programme for the project (up to 50% of the total)

What should I write for the project title, project description and project summary?

To assist you with completing these form fields, please refer to the example project title, description and summary below. This information is taken from, and is also available on, the sample application form at <https://www.business.gov.au/assistance/stronger-communities-programme>.

Project title

If the application is successful, this project title may be used by the Australian Government in published material.

Example project title: “Upgrade of Jane Citizen Park Facilities”

Project description

Ensure your project description focuses on your project’s key activities and outcomes. Explain what it is you are going to do and how it will benefit your area. If the application is successful, this project description will be used by the Australian Government in published material.

Example project description: “New shade shelters and BBQs will be installed in Jane Citizen Park in Cityville. These will encourage community members to use the park and spend time being active.”

Project summary

Provide a summary of your project, including the key activities, project outcomes and the social benefits delivered to your community.

Example summary: “Six shade shelters will be purchased and installed above the existing children’s’ playground and three new electric BBQs will be purchased and fitted to a treed area adjacent to the playground. This project will deliver social benefits to our community by improving the quality of the community facilities. The provision of shelter will extend the hours of playtime and provide adults, caregivers and older members of the community with a better environment to participate in outdoor community activity.”
